Caretutors Technologies Limited

Dhaka

Junior Software Developer - Full Time - On Site

Nov 2024 – May 2025

- Developed and optimized Live app features.
- Resolved UI/UX issues to improve responsiveness and user experience across mobile and web platforms.
- Conducted R&D on technologies for advanced feature integration.
- Collaborated with cross-functional teams and documented tasks for mobile app testing.

Qttec Solution Limited

Dhaka

Junior Software Developer - Part Time - Remote

May 2022 – Aug 2022

- Worked as an Android application developer using the Flutter SDK.
- Utilized Dart, Flutter, GetX, flutter_bloc, Trello, and Django REST APIs during the project.

SIDE PROJECTS

BEH – Product management app

beh.biplobsd.me

Android App (Flutter)

Mar 2025

- Architected and developed a cross-platform mobile app for managing finances, inventory, clients, and real-time updates.
- Delivered user access control across four roles (Guest/Viewer/Editor/Admin), ensuring secure role-based data access.
- Supported English/Bangla, light/dark mode, Bangla PDF invoices, statement generation, and CSV data export.
- Architected real-time sync using Supabase and optimized frontend with Clean MVVM architecture using Flutter and Riverpod.

Skillsynth: Ai Driven, Interactive Personalized Education Platform

DIU

Defense Project

Sep 2023 – Jul 2024

- Gained hands-on experience in project life cycle, from planning to deployment, under the supervision of faculty.
- Strengthened teamwork skills while exploring advanced frontend and backend web development technologies.
- Utilized Next.js, TailwindCSS, and AWS Amplify to create a seamless, responsive platform. Read more at biplobsd.me
